ABOUT ME

A dedicated Computer Science student currently immersed in the vibrant academic landscape at Andhra University. I am passionate about technology and the transformative role it plays in shaping our world.

EXPERIENCE

Web Developer

Digital Bhem

2024-1(month-april)

The Digital Bhem internship in Web Development offers hands-on experience in building responsive and dynamic websites using HTML, CSS, JavaScript, and modern frameworks. Interns gain practical exposure to real-world projects, enhancing both frontend and backend development skills.

Python

OASIS Infobyte

2025-1(month-june)

AICTE-approved internship in Python. Developed small-scale projects and received positive feedback on logical problem solving.

Python and My Sql

Hippo Cloud Technologies

2025-7(months)

Offline Worked on backend systems using Python and MySQL. Implemented CRUD operations and managed real-time database connections.
